## FRENCH-OWNED COMPANY IN VIETNAM

Francia Cosmetics is a French-Vietnamese manufacturing joint-venture established in 2004 in Ho Chi Minh City, Vietnam. Making use of French technologies combined with Vietnamese facilities, Francia Cosmetics has developed high quality products and improved technology in nail cosmetics in compliance with **European quality standards**.

Francia Cosmetics is part of Francia Beauty Group and positions itself as a trustworthy and innovative partner in the beauty industry. We aim to bring Francia Cosmetics to the leading position of nail cosmetics manufacturer in Asia.

**Flexibility, quality, competitive prices and short lead-time are the success factors that make Francia Cosmetics a reliable and long-term partner in private label cosmetics industry.**

## QUALITY ASSURANCE

---

**cGMP (current Good Manufacturing Practice)** Regulations Certificate guarantees minimum requirements for the methods, facilities, and controls used in manufacturing, processing, and packing of a cosmetic product. These international regulations ensure Francia Cosmetics customer's product safety and transparency towards the ingredients and strengths we claim to have.

**Halal Certificate** covers all aspects of the management system and guarantees minimum requirements, based on Islamic Shariah, during every stage of cosmetic supply chain including, receiving, preparation, processing, storage, packaging, labelling and controlling.

## TREND INTELLIGENCE

---

In order to stay ahead in an ever-changing market, we collaborate with **BEAUTYSTREAMS** a Parisian agency who's the leading trend source for the beauty and packaging industries. They support us with the development of our new colors and constantly generate original works to inspire our creations.

## FLEXIBLE SOLUTION & CUSTOMIZATION

---

Francia Cosmetics proposes a large choice of colors, effects and packaging. Thanks to our factory's proximity, we are able to meet our clients' requests easily (OEM).

Upon customer request, Francia Cosmetics is also capable of developing high quality products such as advanced formulas, color matching, color development and customization (ODM).

# OUR OFFERS

At Francia Cosmetics, we propose 2 different offers, standardized and tailor-made, in order to fulfill every customer's need:

- **Original Equipment Manufacturer** process, implies that the customer chooses the product design and the features specifications among our available options.
- **Original Design Manufacturer** process, implies that the factory will create an instrument according to client's design and particular requirements.
